Summary

BTech IT undergraduate with a passion for software development. Eager to leverage my technical skills and problem-solving abilities to design, develop, and implement innovative software solutions. Actively seeking opportunities to learn new technologies and contribute to impactful projects within the software development industry.

Technical Skills

Frontend: React.js, Material UI, HTML5, CSS3, JavaScript, Bootstrap, Responsive Design

Backend/Database: Node.js, Express.js, MongoDB, MySQL, JWT, RESTful API

Languages: C, Python, Java

Tools & Platforms: Git, GitHub, VS Code, Cursor, Postman

Projects

- [Online Book Store Portal \(BookMonkey\)](#)

A MERN based web application enabling users to **exchange, buy, and sell books** through a unified portal. The platform integrates **e-commerce functionality** with a **community-driven book exchange system**, smart search filters, cart/wishlist management, user profiles, and exchange history tracking.

- [E-Learning Platform \(EduNomad\)](#)

Built a responsive and a basic e-learning platform from scratch using React, Material UI, and React Hook Form to deliver interactive and accessible learning experiences with aim to remove subscription barriers and free education for all.

- [News Website](#)

Developed a simple news aggregation site using React.js, Bootstrap, and News API with category filtering and live news updates day to day.

- [Weather Forecast Application \(QwikWeather\)](#)

Built a responsive weather app using **React.js** and **OpenWeatherMap API** to display a wide range of real-time weather data with dynamic UI updates, city-based search, and temperature info using Fetch API.

Experience

- **Frontend Developer – Oasis Infobyte**
Aug 2023 – Sep 2023
 - Created interactive beginner-level web apps: To-do List, Gym Landing Page, and temperature Converter using HTML, CSS, and JavaScript.
 - Designed clean, intuitive user interfaces with responsive layouts.
- **Full Stack Developer – I & T Labs, Visakhapatnam**
Jul 2023 – Nov 2023
 - Contributed to the design and development of a dynamic college website UI using HTML, CSS, JavaScript, and Bootstrap.
 - Focused on mobile responsiveness and clean UI architecture.

Education

- **B.Tech in Information Technology**
Andhra University College of Engineering, Visakhapatnam
Dec 2021 – May 2025
- **Intermediate (MPC)**
Sri Chaitanya Institutions, Vizianagaram
Jul 2019 – Mar 2021
- **High School (SSC)**
Dr. Besant EM School, Vizianagaram
